

The Cordingleys Marketing Pledge

A proactive marketing approach to selling your property could be the difference between selling it or not - do not leave it to chance.

Our high quality standard marketing includes:-

- Professional standard internal and external photographs
- Detailed floor plans of your home
- Ashton town centre office covering the whole of Tameside and surrounding areas
- Distinctive FOR SALE board and eye-catching particulars
- High Street window displays in Ashton town centre
- Office open six days a week
- Periodic listings in the 'Guild of Professional Estate Agents' property magazine
- Detailed matching of buyers to your property through our computerised database
- Accompanied viewings if required
- Fully trained negotiators monitoring your sale at every stage

The vast majority of buyers start their property search on-line. At Cordingleys we understand how important it is to showcase your property to the widest possible audience. That is why we invest heavily in the latest technology and being seen on the major property websites.
